Agenda Item E – Committee Reports.

Agenda Item E.1 – Executive Committee. Chair Connors presented the following report of the Executive Committee which met October 9, 2014 at the Central Library.

Present: Executive Committee Chair Jack Connors and Committee members Ted Johnson and Sharon Kelly, along with Library Director Mary Jean Jakubowski, Deputy Director - Chief Financial Officer (CFO) Kenneth Stone, Deputy Director - Chief Operating Officer (COO) Carol Batt and Assistant Deputy Director (ADD) - Human Resources Officer Jeannine Doyle.

The Executive Committee meeting began at 4:05 p.m. in the Joseph B. Rounds Conference Room of the Central Library. A quorum was present.

The proposed agenda for the October 16, 2014 meeting of the Board of Trustees was reviewed and approved.

CFO Stone reviewed the New York State Construction Grant requests. He noted the Amherst Public Library withdrew their request. Discussion ensued. The Executive Committee recommends the 5 submitted proposals to extend the life of existing building systems be fully funded and that the 2 remaining requests – the parking lot expansion at the Lancaster Public Library and the building expansion at the West Seneca Public Library be equally reduced by 37.5%. The proposal for such will be brought before the full Board at the October 16th meeting.

Chair Connors requested a motion to go into Executive Session to discuss personnel matters including the reappointment of COO Carol Batt, as well as wage and benefits packages for managerial/confidential employees and the unrepresented Contract Library, Library Managers. This was moved by Ms. Kelly, seconded by Mr. Johnson and approved unanimously. Director Jakubowski and ADD Doyle were asked to remain for the first part of Executive Session. At 5:20 p.m., on motion by Ms. Kelly, seconded by Mr. Johnson, the Committee unanimously approved to end Executive Session. No action was taken.

The Executive Committee meeting adjourned at 5:25 p.m.

Agenda Item E.2 – Budget and Finance Committee.

Agenda Item E.2.a – NYS Construction Grant System Evaluation & Recommendations. Deputy Director CFO Ken Stone explained the Library has \$641,863 in grant funds available; even after the Amherst Public Library withdrew its request, grant funding requests totaled \$917,612, which is more funding than available under this program. Options were provided for Executive Committee consideration to adjust the recommended awards down to the \$641,863 grant funds available. Resolution 2014-34 reflects their recommendation which prioritized projects to extend the life of existing facilities with the full eligible amount requested and expansion related projects adjusted proportionally. Ms. Thomas moved for approval of Resolution 2014-34 as presented and was seconded by Ms. Horton, whereupon approval was unanimous.

RESOLUTION 2014-34

WHEREAS, up to \$641,863 in the \$14 million state-wide New York State Public Library Construction Grant Program is available to support up to 75% of eligible project costs for libraries serving economically disadvantaged communities and up to 50% of eligible project costs for other public libraries in Erie County, and

WHEREAS, the Buffalo & Erie County Public Library in its role as a Library System must evaluate, and recommend approval of construction applications submitted by public libraries or public library systems, and

WHEREAS, a total of seven projects were submitted for the \$14 million program supporting the City of Tonawanda, Elma, Hamburg's Lakeshore Branch, Lancaster, Town of Tonawanda's Kenilworth and Kenmore Libraries and the West Seneca Libraries, and

WHEREAS, in July 2013 the Board of Trustees of the Buffalo & Erie County Public Library in Resolution 2013-29 set the criteria for qualifying for up to seventy-five percent (75%) funding as:

- Libraries located in communities with a poverty rate as determined by the 2010 U.S. Census, including margin of error, exceeding the Erie County average of 14.0% and/or
- Libraries located within the boundaries of a school district whose student population's participation in the federal free and reduced lunch program is 35% or higher which is the percentage utilized by the e-Rate program to qualify said libraries for a 60% discount on eligible e-Rate services, and

WHEREAS, three of the above libraries, the City of Tonawanda Public Library and the Kenilworth and Kenmore Libraries of the Town of Tonawanda Public Library, qualify to receive up to 75% grant funding as they serve economically disadvantaged communities, specifically: the City of Tonawanda Public Library is located in the City

which has in excess of 42% of students participating in the free or reduced lunch program in the Tonawanda City School District, while the Kenilworth and Kenmore Libraries are located in the Town of Tonawanda and served by the Ken-Ton School District in which in excess of 42% of students participate in the free or reduced lunch program, and

WHEREAS, grant funding requested totals \$917,612, which is \$275,749 above the \$641,863 allocation available under this program, and

WHEREAS, after reviewing alternatives presented by staff, the Board’s Executive Committee recommends a two-tiered approach to adjust the recommended awards as follows: projects extending the life of existing facilities would be awarded the full eligible amount requested, while projects involving expansions would have the requested amounts lowered proportionally so that the combined total of all project requests equals the \$641,863 allocation available, a process that would allow the largest number of libraries to benefit from the program this year, now, therefore be it

RESOLVED, that pursuant to grant requirements and the above criteria, the Board of Trustees of the Buffalo & Erie County Public Library recommends approval of the requested projects, in the following amounts:

Library	Total Eligible Cost	Grant Request	Recommended Award
• City of Tonawanda Library Replace boiler	\$ 38,538	\$ 28,904	\$ 28,904 (75%)
• Elma Public Library Window and door replacements	\$ 57,921	\$ 28,960	\$ 28,960 (50%)
• Lakeshore Library - Hamburg Replace roof and skylight	\$ 97,165	\$ 48,582	\$ 48,582 (50%)
• Lancaster Library Parking lot expansion	\$ 134,080	\$ 67,040	\$ 42,181 (31.5%)
• Kenmore (Tonawanda Town) Elevator rehabilitation	\$ 67,055	\$ 50,291	\$ 50,291 (75%)

• West Seneca Library Expansion Phase 1	<u>\$1,353,200</u>	<u>\$ 676,600</u>	<u>\$ 425,710 (31.5%)</u>
TOTALS:	\$1,770,939	\$ 917,612	\$ 641,863 (36.2%)

, and be it finally

RESOLVED, that the Director or her designee is authorized to transmit the necessary online grant application, forms and documents in time to meet the October 16, 2014 filing deadline.

Agenda Item E.2.b – Monthly Financial Report. The monthly financial report for the month ending August 31, 2014 was included in the Board packet for information. Chair Connors asked Mr. Stone to comment on retiree medical costs; he responded it is problematic and an area he is concerned about going forward because it is extremely volatile. He will continue to monitor this. He pointed out that overall the fringe benefits budget is still within budget due to savings from turnover and retirement rates.

Agenda Item E.3 – Planning Committee Working Group: Planning for Our Future. Working Group Chair Amodeo reported the Group met October 15, 2014 and had a good discussion with Legislator Kevin Hardwick who was in attendance. He provided many good ideas for talking points for when the Library begins meeting with the Legislators to discuss how to move forward with achieving its goal of creating reliable funding for the Library System. Legislator Hardwick’s proposed legislation was discussed. Albeit a good discussion, nothing was determined. Discussions will continue to see what input the other Legislators have. The Group continues to pair up System Trustees and Contract Library Trustees to meet with Legislators. The hope is to begin this outreach program in the near future.

Agenda Item F – Report of the Director. Assistant Deputy Director Joy Testa Cinquino spoke on the Library’s upcoming largest and most sophisticated rare collections exhibit featuring major works from the treasured Milestones of Science 197 book collection being called *Milestones of Science – Books that Shook the World!* planned to open in spring 2015 for approximately 1 ½ years. The exhibit will be accessible, free and open to the public and is being designed to appeal to all ages. The newly renovated 2nd floor gallery space will be used to showcase a selection of the most significant volumes from the Milestones collection. This exhibit is expected to draw attention both regionally and globally through state-of-the-art technology marking a turning point in the Library’s commitment to exhibit the outstanding holdings of the Grosvenor Room’s rare books and special collections. Ms. Testa Cinquino continued, the new gallery will provide a tremendous opportunity to establish a robust museum-like exhibition program with professional exhibit designs, appropriate security and lighting, and integrated technology and programming. The Library’s main outcomes and expectations from this exhibit include: raising library awareness, raising sponsorship dollars, obtaining new library card holders, increasing the Library’s web activity and increasing community partnerships within the Library’s marketing and advertising footprint. Trustees were provided a letter from Maureen Germaine, Development Manager, regarding raising the funds necessary to finance the exhibit and sharing contacts who may be interested in helping. Mr. Connors asked the Board to keep in mind there are opportunities for private receptions around the exhibit. Mr. Berlow recommended getting the New York Times Science section tuned in to what is going on.

A slideshow on the Milestones of Science collection took place and Meg Cheman, Manager of Special Collections, brought in 3 rare books for trustee viewing and provided an overview of each.

A listing of the Milestones of Science collection can be found on the Library's website at: <http://milestones.buffalolib.org/booksBrowser/Books.asp>. The book *Milestones of Science*, not officially part of the collection, was given to each trustee.

Opportunities from a fundraising perspective were discussed as well as further partnerships.

Following this presentation, Director Jakubowski continued with her report updating trustees that after this exhibit, an exhibit commemorating the 400th anniversary of the death of Shakespeare is being planned and in 2017 and 2018 the Library will be having a significant exhibit on World War I.

Ms. Jakubowski gave an update on the bookmobile noting the RFP/RFB is now in the hands of CFO Ken Stone. In addition, the RFP for the conservation of the remaining 4 volumes of the *Audubon Birds* will be published on October 24th.

A sample of a tentative lease agreement for the new 2nd floor west space was received October 15th from Jaeckle Fleischmann & Mugal LLP. This will be reviewed; Trustee Berlow will take part in the review.

Director Jakubowski joined Chair Connors in expressing gratitude to County Executive Mark Poloncarz for providing the Library monies asked for in the Library's 2015 budget request. The next step is for the budget to go before the Erie County Legislature. The Library is beginning a letter writing campaign requesting Legislative support of the County Executive's 2015 proposed budget allocation for the Library. Support letters will be available throughout the Library System and on the website. Trustees were provided a support letter and were asked to share with friends, neighbors, etc. Letters can be returned to the Library, whereupon they will be delivered to respective Legislators.

The following was submitted by the Director and transmitted to Board members prior to the meeting:

B&ECPL Monthly Report September 2014

September brought good news to the Buffalo & Erie County Public Library (B&ECPL) with System Trustee Elaine Panty having been named Outstanding Library Advocate by the Western New York Library Resources Council (WNYLRC).  - **Pinterest:** The Library's 37 Pinterest Boards feature 3,575 Pins and can be viewed at <http://pinterest.com/buffalolibrary/>.

Technology Highlights:

- Per Board-approved Resolution 2014-31, the B&ECPL has entered into a consulting contract with RMG Consultants, Inc. to assist with a full scale evaluation and procurement process for the Library's Integrated Library System (ILS). Library staff members have already participated in several telephone conferences with consultant Rob McGee and are completing an exhaustive System IT Survey as background information. Consultant McGee will be onsite in Buffalo for 2 weeks beginning October 20th to compile information and assist the Planning Team with RFP (Request for Proposal) preparation. Included in the process will be 4 Focus Group sessions to solicit staff, public and trustee comment.
- COO **Carol Batt**, RFID Project Coordinator **Kelly Donovan**, and Amherst Library Director **Roseanne Butler-Smith** met with a representative from Bibliotheca to begin planning for the implementation of an Automated Materials Handling (AMH) system. The AMH will interface with RFID technology to provide a building-exterior drop box system that will automatically discharge and sort returned items. This technology will significantly restructure labor-intensive staff work patterns using a seamless public interface. Installation and implementation are targeted for the first quarter of 2015 and this is being paid for with designated Erie County Fiscal Stability Authority grant funds.

- System IT staff upgraded the PC Reservation and LPTOne Print management software on all public computers at the Central Library. The upgrade brings the PCs to the most currently supported version and allowed for the implementation/activation of Windows 7 accessibility features which include a screen magnifier and verbal narration. These features will be made available at all community libraries as the software upgrade is rolled out in each location. Librarian **Renee Masters** is evaluating the accessibility features and will develop instructions that can be used by staff and the public.
- The Library's RFP for a bookmobile to re-establish B&ECPL Mobile Library services is in the final stages of review. It is anticipated that the RFP will be issued and advertised in October with service implementation in 2015.
- Thirty-five of the 37 B&ECPL libraries are now circulating items using RFID (Radio Frequency Identification) software. Of the 35, Concord is scheduled to be 100% live later this month when their security gates are activated and the Hamburg 100% 'live' launch will coincide with gate installation following their building expansion and remodeling project which is expected to be complete in January 2015. The remaining 2 libraries, Angola and Lackawanna, are expected to begin onsite collection conversion shortly, with gate installations anticipated during the first quarter of 2015.
- The Lancaster Library now has 2 public use laptops which supplement standard desktop computers. They are available for in-library checkout with a valid library card and were purchased with New York State Senator Patrick M. Gallivan Bullet Aid funds.
- *Tour Your Local Library: Hamburg Public Library* (<http://bit.ly/Yci90O>) is the first in a series of virtual visits to all 37 public libraries through Erie County. Filmed by TechKnow Lab Librarian **Jordan Smith**, the videos will showcase the unique qualities and treasures of B&ECPL libraries. The videos will be available through the Library's website and used for advocacy and marketing purposes.

4. Funding/Fundraising

Funding:

Multiple libraries spent their September finalizing proposals for New York State Library Construction Grant funding. The share of funds available for projects supporting the 37 public libraries in Erie County is \$641,863 to support up to 75% of eligible project costs for libraries serving economically disadvantaged communities and up to 50% of eligible project costs for other libraries. Requests were due to the B&ECPL on October 3rd.

B&ECPL in its role as a Library System must evaluate and recommend approval of construction applications submitted by public libraries, which are then forwarded to the New York State Library for their review. A total of 8 projects were submitted. Five projects, at the City of Tonawanda, Elma, Lake Shore, Kenmore and Kenilworth Libraries would extend the life of their existing facilities by replacing or rehabilitating major building components such as a roof, boilers, windows/doors, as well as an elevator. Three projects involve expansions: of the Audubon and West Seneca Library buildings and the parking lot at the Lancaster Library. Subsequently, the Amherst Public Library withdrew the Audubon Branch Library request indicating they plan to apply next year.

Grant funding requested totals \$917,612, which is \$275,749 above the \$641,863 allocation available under this program. Staff is reviewing applications and will offer options to balance to available funding for consideration by the Board at their October meeting.

Contracting Member Library Activity Reports

Boston Free Library – submitted by Laura McLeod, Director

Highlights of events and activities at the Boston Free Library:

- As the children head back to school and families gear up for fall, the Boston Free Library continues to be a vital part of the surrounding community. The theme for September was “Welcome back to Books” with beautiful displays of books, movies, and media for area families.
- September brought back our popular Preschool Storyhour, offered twice a week, as well as LEGO Club and our Adult Reading Club.
- Fall programming continues in October with a Spider program (October 4th) and a visit from Charlie and Checkers (October 11th).
- October rounds out with our 32nd Annual Gala Fundraiser and Booksale. This much anticipated event includes basket raffles, food, drink and, of course, mingling with old friends.

Anne Conable reported the Library Foundation of Buffalo & Erie County met October 15th and agreed to invest \$175,000 in the Milestones of Science exhibit with their main interest of underwriting most of the capital needs for an exhibition program. This fits perfectly with the priorities the Foundation has established to support rare books and special collections, particularly public access of them. In addition, based on past precedent for special events and other larger projects done in conjunction with the Library, the Foundation will be the receiver

of funds for this project. Ms. Jakubowski thanked the Foundation for the monies being provided for this.
