

## Word Q Instructions

### SETUP

Place all 45 tiles face up on the table. Choose a puzzle from the puzzle cards, and grab the letter tiles that are shown in the puzzle.

### OBJECTIVE

Arrange the letter tiles so they form words in every row and column in the following grid configurations:

Beginner: (3x3 grid)

Intermediate: (3x3 grid)

Intermediate & Advanced (4x3 grid)

Advanced, Expert & Word Q-Pro (4x4 grid)

### OTHER RULES

- 1) Circled letters on several of the puzzles are hints and mean the letter belongs in that position for the solution.
- 2) No duplicate words are allowed in the same puzzle.
- 3) No names of people or places, abbreviations, prefixes, suffixes, or slang words are permitted.
- 4) More than one solution exists for certain puzzles.
- 5) Dictionary can be used if needed.
