Ages: 6 and Up Grades 1<sup>st</sup> to 3<sup>rd</sup>

Play Time: Varies

**Instant Learning Center Money:** Children explore a variety of coin combinations—with a hands-on learning center that comes ready to use! The instant center has everything children need to build skills independently: Just set out the materials...then students use the included write & wipe mats and activity cards to compare money values and count coin combinations! The center has enough materials for up to 4 children to work at once, including a double-sided instruction chart that gives everyone easy access to the activities...and simple instructions that are a cinch for students to follow on their own.
