

Informational Non-Fiction Suggested Summer Reading List

Here are some suggested titles to get your child excited about reading this summer!

Please note that the reading levels of these books will vary. Have your child read a page of the book aloud to see if it is a good fit. If they struggle with more than a few words on the page, it is probably too difficult, but the book would still be great to read aloud to your child. The children's librarians at the public libraries can also give suggestions!

"The 101 coolest simple science experiments"
by Rachel Miller

"Aaron and Alexander: the most famous duel in
American history" by Don Brown
