How can educators get students a library card?

- Library card applications can be printed online or obtained at any library

- **E-library card for all ages!** <http://vf.buffalolib.org/vufind/OnlineSignup/Home/>

Adult applicants, 17 and up, will receive a full privilege card.

Youth applicants, 16 and younger, are able to apply for one of two card types:

- If a parent/guardian fills in the consent area of the form, the applicant will receive a full privilege youth card. Parents will have an opportunity to change the profile to restrict video or Internet permissions upon receipt of the physical card.
- If the parent/guardian section is not completed, the applicant will receive a Student Digital Card. A Student Digital Card is enabled for online services only, including OverDrive, Freegal, and homework help via the research databases, etc. These cards cannot be used to check out library materials, nor do they allow the cardholder to access the Internet on a library computer. The card can be upgraded by visiting any library location with the parent/guardian.
- All successful applicants receive their library card numbers via email. The physical cards are mailed to each cardholder's home address.
